R A E Rosewood Rena 2nd

Lt. Roan, Rinkhoff Agr. Ent.

Birth wt. 57 lbs. It was our sincere desire to offer dependability and variety to our offering, and while this bull calf is young, we believe he is indeed an **extremely rare** opportunity to own a son of the legendary L R Randolph 14th, Montana's modern day sensation, and perhaps one of the greatest breeding bulls of all times (bred 150 cows every year naturally). His performance tested sons have excelled against their exotic peers. Study him, he's headed the way his excellent pedigree dictates.

Birth wt. 74 lbs. A more dependable pedigree would be hard to come by, every classified animal in the pedigree was at least double AA, and **performance proof** abounds on all sides. We believe his greatest asset as a sire will be to sire **good doing** cattle of **substance**; he is not an extreme type.

Duncan Gipsy Fillet — lack of handling space forces us most reluctantly to part with this good "Fillet" son. With Fillet himself gone, the opportunity to purchase one of his offspring is limited, and we feel this young bull will make a good herd sire for someone and a show prospect for '75. His dam, Sutherland Gipsy Maid 7th X is a huge cow and has produced show winners in the past for Acadia Farms in Ohio. The combination of Fillet and Gipsy 7th guarantees the kind we are looking for today. Be sure to look this young man over carefully. Herd certified and accredited.

# **STANDARD GUARANTEE**

**Endorsed by**

## **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense or freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as the service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
